Subject: RE: Retrolock Wire Details

Hi Tania

I checked first thing this morning and I showed the wire pending in our account to go (that was before 8am CST). I will get on to the bank now.

In the meantime we are looking for your confirmation of what was agreed. I was out yesterday afternoon, but I understand that we agreed to release the wire, and you agreed to confirm via email you agreement to redirect the mail. Please can you send that now, as I contact the bank to see what the hold up is.

Kind Regards
Emma
